October 6, 2004

Honorable Commissioner of  
Patents and Trademarks  
Washington, D.C. 20231

The Office Action of September 14, 2004 has been carefully considered.

Claims 10 and 13-19 have been withdrawn from further consideration in the subject application as being drawn to a non-elected invention.

The Examiner has now indicated that this application with newly submitted claim 20, contains claims directed to more than one species of the generic invention. These species are deemed to lack unity of invention.

Species A has been drawn to Figure 3. Species B, figure not shown, drawn to Claim 20.

Applicant herewith elects for further prosecution Species A drawn to Claims 1-9, 11 and 12.

It is noted that upon allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include the limitations of the allowed generic claim.

Any election herein is without prejudice to the right of the applicant to file a divisional application to a non-elected claim.

Prosecution on the merits is now respectfully requested.

Respectfully submitted,

Michael J. Striker  
Attorney for Applicant
